PRODUCT DESCRIPTION

Designer: Sergio Prandina

Teodora Pendant by Prandina

Prandina's Teodora is an elegant, minimalist pendant lamp with a simple, two-part design: a glass upper element sits atop a painted metal lampshade, allowing light to be emitted both directly downwards and indirectly around a room, providing both spotlighting and ambience at the same time. All of the shades come with a white painted layer on the inside to create a warm glow. The Glossy Black colour also has a Gold Leaf inside colour option for a touch more luxury.

Company founder Sergio Prandina has designed a range of sizes, finishes, and cable colours to ensure that Teodora can be made to suit just about any aesthetic. Equally at home in a kitchen or an office as it is in a living room or hotel lobby, this discreet yet distinctive suspension lamp is sure to meet your lighting needs.

An inverse metal-on-glass version – known as the Prandina Teodora Glass – is also available.
