PRODUCT DESCRIPTION

Designer: George Carwardine

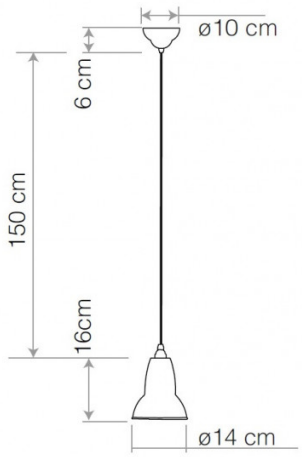

Anglepoise Original 1227 Brass Pendant

The Original 1227 Brass Pendant is an extension of the **Original 1227 Collection**, a series of lights that reimagine George Carwardine's iconic desk lamp. The original design was first released in 1935 and has since become a classic in British design history. The 1227 Brass Pendant pays homage to the timeless piece by featuring the same curved shade seen in the original. This new edition introduces brass elements and a woven cable for a softer, ornamental aesthetic.

The Original 1227 Brass Pendant is well-suited for use in kitchens and dining rooms. The steel shade is durable and easy to clean. The ink-blue finish complements the brass fittings, adding a sense of luxury to any interior, even when not in use. When switched on, the shade guides light into a downward-directed glow, perfect for illuminating work surfaces. Install individually or in multiples to create a striking focal point in residential and commercial spaces alike.
