PRODUCT DESCRIPTION

Designer: George Carwardine

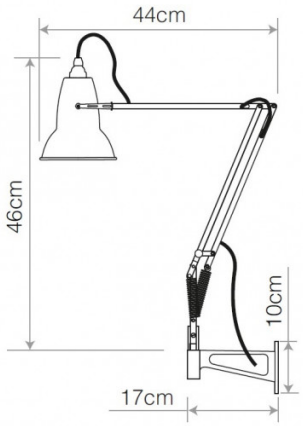

Anglepoise Original 1227 Lamp with Wall Bracket

The Anglepoise Original 1227 Lamp with Wall Bracket mounts the iconic **1227 Lamp** to the wall, while maintaining the lamp's flexibility. Utilising designer George Carwardine's infamous 3-spring mechanism, the lamp can be moved and adjusted to provide focused and precise lighting. Available in three finishes, Dove Grey, Jet Black, and Linen White, and featuring a fabric-covered cord and chrome-plated fittings, the 1227 Lamp is a timeless piece that celebrates an icon in British design.

The Original 1227 Lamp with Wall Bracket is designed for use in residential and commercial spaces alike, and blends seamlessly into contemporary office spaces. Display on a gallery wall to illuminate a work of art, or in a reading nook for bright and effective reading lighting. The lamp's movable frame means users can easily alternate between functional and ambient lighting. Display with lamps from the **Original 1227 Collection** for an installation that strikes the perfect balance between style and functionality.
