PRODUCT DESCRIPTION

Designer: George Carwardine

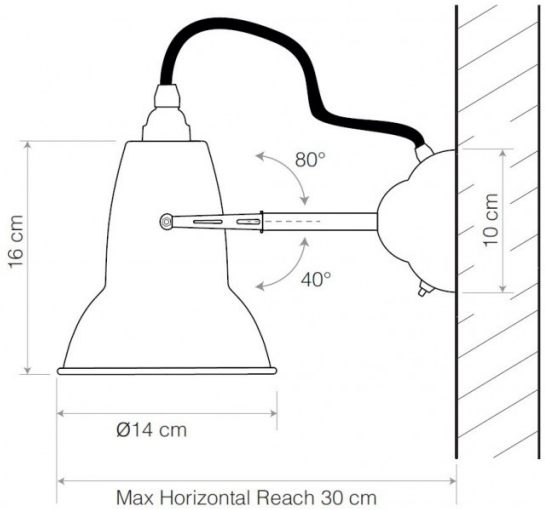

Anglepoise Original 1227 Wall Light

The Anglepoise Original 1227 Wall Light is part of the **Original 1227 Collection**, first released in 1935 as a table lamp. This reimagining of a classic design sees the traditional shade shape mounted as a wall light for a functional light that can be directed as required. The wall light is available in three finishes, Dove Grey, Jet Black, and Linen White, and features a toning fabric-covered cord and chrome fittings for an additional decorative touch.

Install the Original 1227 Wall Light above a shelf or on a gallery wall for a flexible lighting solution that lets you angle the shade to focus on a particular item or wash the whole display with light. Install in pairs to frame a picture, doorway or bed while providing a spotlight or functional reading light. In commercial spaces, the Original 1227 Wall Light suits hotels, office spaces, and cafes.
