PRODUCT DESCRIPTION

Designer: Sir Kenneth Grange

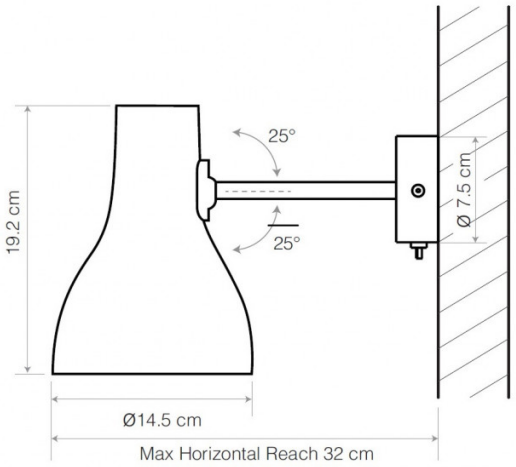

Anglepoise Type 75 Wall Light

The Anglepoise Type 75 Wall Light, designed by Sir Kenneth Grange, is a modernist design that pares back the distinctive Anglepoise silhouette to the barest essentials: form, function, and balance. The sleek design and sophisticated profile blend seamlessly into any interior, in both domestic and commercial settings. Available in Alpine White and Jet Black, the Type 75 Wall Light complements a range of decors without pulling focus away from its surroundings.

When switched on, the Type 75 Wall Light casts a bright beam of directed light. Its adjustable shade allows users to focus light precisely where required, making it perfect for use above a desk, beside a bed, or on a gallery wall. The lamp is available as a hardwired version or supplied with a cable and plug. An on/off switch is positioned on the wall sconce for the hardwired version, and on the cable for the cable-and-plug variation.

PRODUCT SPECIFICATION

Light Source:	1 x Max 10W E27 LED (Excluded)
IP Code:	20
Dimming:	**Hard-Wired**: Integrated on/off switch on the product. Can be wired to an external switch by a qualified electrician. **Cable & Plug**: In-line on/off switch included on cable.
