PRODUCT DESCRIPTION

Designer: Piero Lissoni

Flos Clara LED Wall/Ceiling Light

The Flos Clara LED Light was designed by Piero Lissoni and can be mounted both on the ceiling and on the wall. The slim, minimal profile of the Clara Ceiling/Wall Light allows the luminaire to have a big impact visually without taking up too much room. Clara can brighten small rooms or create ambient illumination in a larger space. Thanks to the polycarbonate diffuser, the Flo Clara Ceiling/Wall Light radiates a glare-free and even pool of light.

Piero Lissoni's Clara ceiling and wall light is available with no ring for a truly minimal look or with a ring in copper, chrome, smoke or transparent to add a touch of modernity or to match surrounding finishes in a room. The classic round-shaped diffuser is supplied in an opal white finish, allowing this ceiling/wall light to adapt to a variety of interiors and styles.
