PRODUCT DESCRIPTION

Designer: Gustaf Nordenskiold

Orsjo Belysning Hobo LED Pendant Light

The Hobo LED Pendant Light features a glass shade, mouth blown in the Orsjo studio, and a rough brass basket. Each piece is hand made and completely unique. This collection can be characterised by its weight and intricate details.

It takes inspiration from metalcrafts made by hobos back in the old days in Småland, where Swedish glasswork began. Hobos travelled all around Sweden offering to create beautiful hand made wire items in exchange for hot meals and a warm place to sleep. A play of materials and shapes, the Hobo design is an example of craftsmanship at its finest.

This piece is perfect for public spaces such as restaurants and bars, creating a warm and inviting atmosphere for patrons.
