PRODUCT DESCRIPTION

Designer: Matti Klenell

Orsjo Belysning Mushroom Table Lamp

The Orsjo Mushroom Table Lamp was designed by Matti Klenell and was inspired by an earlier Orsjo lighting model. Klenell plays with colour rather than shape, using the rowanberry shade to create a warm light diffusion. The Mushroom table lamp is a sure fire way to add a burst of personality to your home or workspace. The design holds a modern touch, with a distinctive silhouette it is a strong focal point in any room. Perfect for both household use and public spaces. The shade diffuses light evenly and creates a great atmosphere for reading or relaxing.

The Mushroom Table Lamp is a great feature for a side table in your living room. It also is a perfect addition for communal work spaces and other public spaces.
