PRODUCT DESCRIPTION

Designer: Note Design Studio

Zero Elements Table Lamp

Designed by Note Design Studio, the Zero Elements Table Lamp series brings Nordic-inspired softness and sculptural form to both residential and commercial interiors. Available in Large and Small sizes, each lamp features a beautifully textured Kvadrat textile shade in three subtle tones, Blue, Apricot, and White, paired with a matt acrylic diffuser for warm, ambient light. Inspired by shifting natural light and minimalist Nordic design, these lamps strike a thoughtful balance between function and artistry.

The Large Table Lamp makes a refined statement on sideboards, desks, or hotel reception counters, while the Small version offers a more compact solution for bedside tables, workspaces, or lounge areas. Both models are supported by a metal base finished in coordinating tones, and include a 250cm textile cable with inline switch and plug for flexible positioning. The Elements Table Lamp range is also available in custom finishes upon request, making it a versatile lighting solution for curated interior schemes.

PRODUCT SPECIFICATION
