PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith Lederam F1 LED Floor Light

The Lederam F1 floor lamp was designed by Enzo Catellani for Catellani & Smith, it is a striking floor lamp with a modern sleek design that brings together the beauty of Catellani & Smith and the simplicity of cleverly crafted design. The main characteristic of the Lederam F1 floor lamp is its iconic lean that almost appears to be tilting right over. This courageous design suggests an elegant and delicate touch and provides a soft ambient lighting solution. The long matte satin stem holds the adjustable ultra-thin black shade in place as it can rotate to angle the light perfectly. Therefore, the Lederam F1 floor lamp will provide not only a downward beam of light but can also bring an ambient glow to your space as the shade can direct the light towards a wall or corner.

The silhouette of the Lederam F1 is a unique and iconic design that amplifies the stunning simplicity of Enzo Castellani's designs as he uses the Lederam collection to 'embody the accuracy of the motion required to draw a line'.

Also available in a chrome, gold, and white finish. For further details, pricing and orders please contact us.
