PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith Lederam F3 LED Floor Light

The Catellani & Smith Lederam F3 LED Floor Lamp is a simplistic yet elegant design by Enzo Catellani, it features a long metal stem that hosts three aluminium disc shades in place. These shades are available in a selection of metallic and monochrome finishes and can be adjusted to direct the light output and personalise the ambience of your space. From a simple downlight that would flood the room with a generous high beam of light. To an indirect ambient light that provides a glowing backlight to your space. The simple design creates an eccentric effect with the height and elegance of the stem paired with the delicate beauty of the three shades.

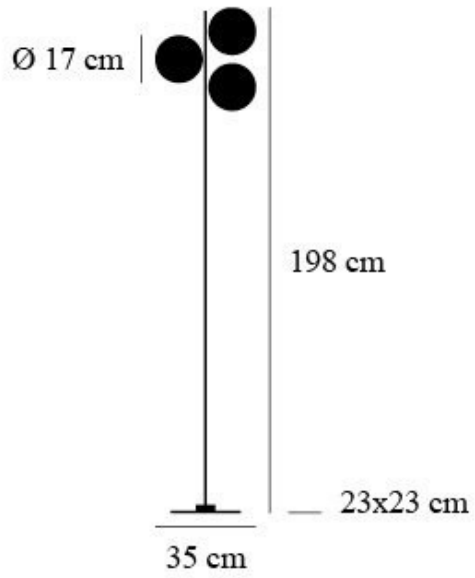

The Catellani & Smith Lederam F3 Floor Lamp is the complete embodiment of the accuracy of the motion required to draw a straight line. An exquisite floor lamp, the F3 is sure to offer a colour combination to fit your personal interior style and your guests will fall in love with this unique and timeless floor lamp.

Also available in a gold, copper, and white finish. For further details and pricing please contact us.
