PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith Lederam Manta S2 LED Suspension Light

The Lederam Manta S2 Suspension Light by Catellani & Smith is a true statement piece that creates a talking point in any space. The large 100cm diameter of the shade will bring a grand addition to your dining room, living space, or commercial area. The shade is hand crafted and comes in a selection of colour finishes, from white with a gold leaf interior to black with a copper interior and many more. The Lederam Manta S2 also features adjustable disc shades that create a stunning uplight into the interior of the oversized shade to illuminate its elegant design. This uplight reflects off the inside of the 100cm fiberglass shade onto the surface below.

This genius design by Enzo Catellani creates a lighting fixture with zero glare and lots of glowing ambient light. With the metallic finishes, the downlight created reflects the golden glow from the gold and copper leaf interiors and forms a unique and warming light ideal for cosy dining spaces or relaxing living rooms.
