PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith Stchu-Moon 02/230V Pendant Light

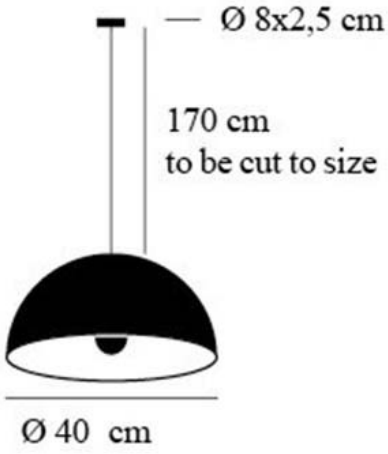

The Catellani & Smith Stchu-Moon 02/230V Pendant is an extravagant light, designed by Enzo Catellani. Each pendant is hand crafted by specialist artisans and are therefore completely unique pieces, offering you a bespoke lighting solution. The outer shade is made from aluminium, with a black finish, whilst the interior boasts an irregular surface with a metallic finish. Light refraction joins forces with the intentionally irregular surfaces, designed to multiply the light's quality and make the object itself luminous.

The Stchu-Moon 02/230V Pendant Light is a gorgeous addition to your bedroom, kitchen or above your dining table. The light creates a warm ambience that is perfect for areas in your home where you want to unwind after a long day; this pendant also fits into commercial spaces perfectly, specifically in the hospitality sector.

Larger versions available; for further details, pricing and orders please contact us.
