### Catellani & Smith Stchu-Moon 01 LED Floor Lamp

Stchu-Moon 01 LED Floor Lamp is a statement within itself, a gorgeous contemporary design. This floor lamp consists of a hemispherical shade, with a smooth black exterior and a hand crafted textured metallic interior; thanks to this irregular interior, Stchu-Moon 01 Floor Lamp emits a unique glow. The reflections made on the internal surface mimic light twinkling off a water's surface. This creates an artwork of light and shadow that will illuminate your space.

Designed by Enzo Catellani, the Catellani & Smith Stchu Moon 01 is visually impressive and highly functional. It appears just as stunning when turned off, resembling a piece of art in your space. Producing indirect ambient lighting, Stchu-Moon Floor Lamp is refined yet impressive. Place this in your entrance hall for instant impact or use its ambient light to add a touch of luxury to your bedroom or living space.
