PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith Light Stick CW LED Wall Light

The Light Stick CW LED Wall light by Catellani & Smith is a minimalist design that provides both luxury and functionality. The thin copper rod plated in a shimmering metallic nickel finish is expertly embellished with 4 to 6 LED light sources that are evenly spaced along the 62 - 88cm rod. This horizontal fixture was inspired by the simplicity and effectiveness of LED circuits that urged Catellani to move away from his more 'aggressive' designs toward minimalism.

This minimalist metallic Light Stick wall light is ideal for every interior style as its simple appearance allows it to blend easily into its surroundings. Place the Light Stick CW in your kitchen, living room or bedroom, or even in your commercial space. This Catellani & Smith wall light provides a glare-free ambient light that will indirectly brighten your room with ease.
