PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith PostKrisi 49 Pendant Lamp

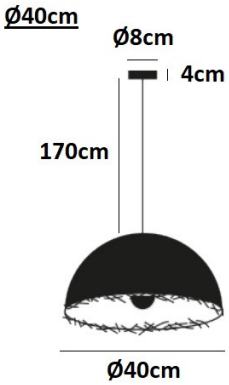

This elegant pendant lamp by Catellani & Smith is formed from moulded fiberglass that is hand-crafted and shaped into this stunning dome-shaped shade. Enzo Catellani, the designer of the PostKrisi collection, uses his fascination and passion for fiberglass to create an entire collection that demonstrates the versatility and beauty of fiberglass. The frayed edges of the lamps not only showcase the raw and natural fibers of the material but also creates an intricate pattern of light wherever it is placed.

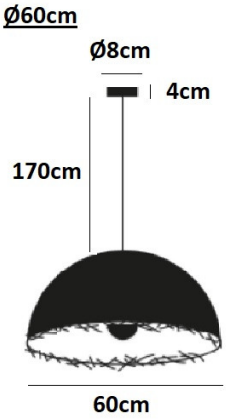

The Catellani & Smith PostKrisi 49 pendant features a golden interior that, when illuminated, reflects a warming golden light downwards into your space. This unique feature that the gold leaf finish brings to the PostKrisi 49 elevates this entire design. The frayed edges and golden interior strike a perfect balance between rustic natural beauty and luxurious high-end design. With two sizes available, Ø40cm and Ø60cm, this Catellani & Smith pendant light can be placed over a dining table for an intimate atmosphere; in a living space for a calming warm glow; or anywhere in your home that needs a glowing golden light.
