PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith PostKrisi Chandelier

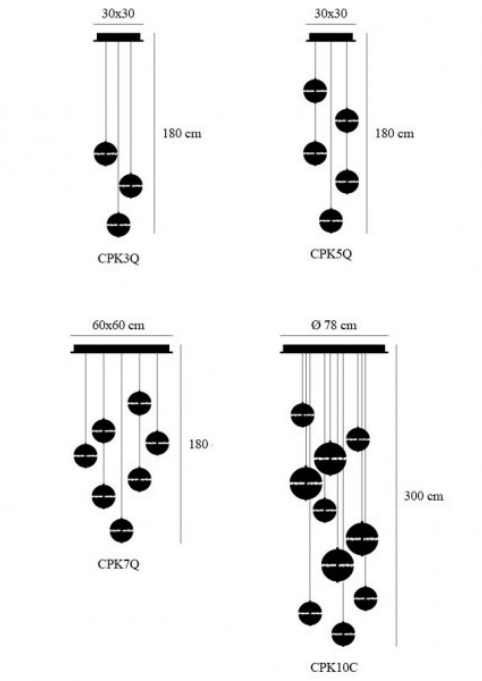

The Postkrisi chandelier is a stunning and elegant cascading lighting fixture that will bring a delicate yet impressive touch to your home. The fiberglass shades gently diffuse the light into your space whilst highlighting the intricate detailing within the unique material. The gap between the two hemispheres features frayed delicate edges that play with the light as it passes through. The frayed detailing creates patterns of light and shadow within your room. The gap between the shades also allows direct and indirect light to be produced which creates a mix of both ambient and functional lighting.

Place this Catellani & Smith Chandelier in your hallway, staircase, or entryway as it creates a grand first impression of your home. With an option of a 3, 5, and 7-shade chandelier, you can create an ideal configuration for your space.
