FOSCARINI

Havana Outdoor Floor Lamp by Foscarini

A part of the iconic [Foscarini Havana collection](#), the Havana outdoor floor lamp brings all the style and chicness of the Havana range to the outdoors. Made from 4 parts held together by metal rings, the floor lamp takes its silhouette from the shape of a cigar. The subtle gaps in the parts let the light escape, providing much needed illumination and the white diffusers conceal the light source to produce a warming glow.

Perfect for many exteriors, the Havana outdoor floor light comes in 2 sizes, low or high, and with the choice of 3 bases. The **cylinder and picket bases** allow you to bury the base to have a stable lamp that is a beautiful permanent fixture. The **repositional base** is a square base that allows you to move the lamp around, being a perfect solution for lighting in any outdoor area. Use in patios, terraces, gardens or even to light your driveway to have a contemporary and classic design light up the space.
