PRODUCT DESCRIPTION

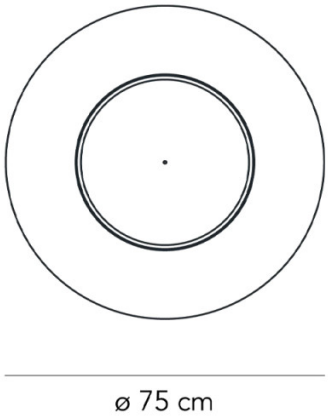

Fontana Arte Lunaire LED Ceiling/Wall Light

The Fontana Arte Lunaire LED Ceiling/Wall Light offers a captivating play on light reminiscent of an eclipse. This innovative fixture consists of a smaller, central disc containing the light source, which sits on a larger, slightly concave diffuser. Depending on the position of the front disc, Lunaire can create two distinct lighting effects: when the front disc is pushed close to the wall, the light is diffused from behind, creating a soft, ambient backlighting; alternatively, pulling the disc forward directs light outward, emanating from within the larger concave diffuser.

This design allows users to switch lighting modes effortlessly, using the simple rod mechanism on the front disc. With its impressive size and adaptable colour options, the Lunaire is well-suited for large residential spaces and contract settings, adding both elegance and versatile functionality to any room.

PRODUCT SPECIFICATION

Light Source:	28.6W, 3000K, 3650Lumens
IP Code:	40
Dimming:	Integrated on/off switch on the product.
Dimensions:	Shade: Ø75cm Depth: 11cm
