Bocci 73.1 Pendant Light

The Bocci 73.1 Pendant is made by blowing liquid glass into a ceramic fabric vessel, which creates a textured and dynamic look. The spontaneous nature of the glass produces an intriguing aesthetic, drawing the eye in any room that it features. The light source sits in the middle, diffused by the glass to produce a soft and inviting glow.

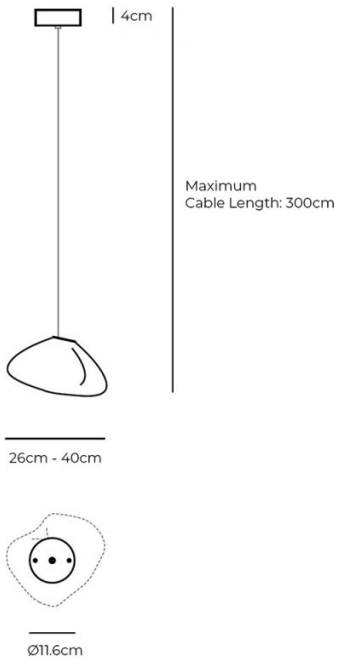

The 73.1 Pendant Light comes with a light bulb included in the purchase and provided by Bocci. You can choose between the non-dimmable **LED 1W** bulb or the dimmable **Xenon 10W** bulb. This pendant lamp can be used in many interiors, in both homes and commercial spaces, to provide an effective lighting solution. Wonderful in many design schemes and will add a stylish and stunning touch.

This pendant light comes with a deep ceiling canopy but is also available with a shallow or flush mini ceiling canopy. Please contact us for more information and prices.

Please Note: All Bocci Suspension Lights come with a white ceiling canopy as standard. Other finishes are available; please contact us for more information and pricing.
