Flos Taccia Table Lamp

The Flos Taccia Table Lamp was designed by Achille Giacomo and Pier Castiglioni in 1962. Flos is now distributing the iconic lamp in two sizes and two different versions, allowing you to choose not only the finish but also the diffuser material. The Taccia Table Lamp is available in a small or large size, and the large version offers you the choice between a glass or transparent PMMA diffuser. The lamp provides indirect and reflected light, and the sophisticated body and base are complemented with nickel-plated aluminium details.

The Taccia Table Lamp is also available in black, silver, matte white and bronze. A stunning contemporary lighting solution for your living room, dining area, entryway or even bedroom, the diffuser of the Flos Taccia can be adjusted to your desired direction and highlight certain parts of the room or decoration.
