PRODUCT DESCRIPTION

Designer: Note Design Studio

Zero Silo Trio Suspension

Expanding on the original Silo concept, the Zero Silo Trio Suspension groups three silo-shaped pendants in a linear composition. Designed by Note Design Studio, it delivers an architectural expression with a striking rhythm, making it particularly suited to long dining tables, bars, and office settings.

Finished in a choice of colours, the aluminium shades can be specified with or without a matt acrylic diffuser, offering control over both the appearance and quality of the light. With its strong visual presence, the Silo Trio becomes a structural element within a space.

Please note, alternative colours are available for this product. Contact us for pricing and information.
