We currently have limited stock of one of these items in our sale. Please visit our ["Sale"](#) section for more information.**color="red">**

Historic industrial design icons such as the Starship Enterprise or the Citroën's steering wheel were inspirational when designing the w126 uplighter. Admittedly two quite technical examples, but this is a lamp that demanded both highly advanced engineering and a bit of iconicity.

Two powerful and separate LED light sources, one up and one down, with separate dimming allows you to set the light to any desired ambiance. No need for a manual. Two simple touch buttons makes operating instinctive.

Design by Claesson Koivisto Rune.

IP Code: 20

Dimming: Integrated dimmer included on the product.

Dimensions:

190 cm Height

38.5 cm Base width

Colour:White

Grey

Orange
