PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

Kartell Big FL/Y Pendant

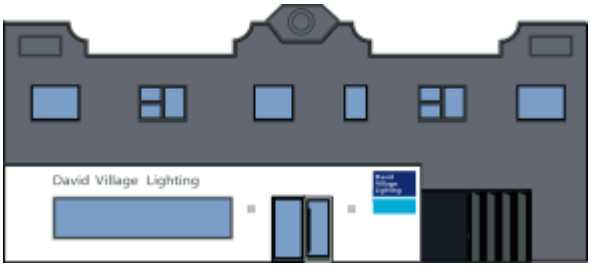

Described as a bubble of light, made of methacrylate, in various playful colours, the Kartell Big FL/Y Pendant is the largest in the family, with a diameter of 83cm. Provided with both opaque and transparent shade options, this luminaire provides a softly diffused illumination that is projected down onto the area below, making it perfect for above dining tables and kitchen islands.

The Big FL/Y pendant hangs beautifully on its own, but even better when in a cluster. By mixing and matching colours and sizes, a magnificent playful display can be created, tailored to personal style. The curved shade of the Kartell Big FL/Y is not perfectly hemispherical but the cut-off is underneath the height of the diameter to collect the most light. What's more, the special transparency of the Fly material and the sheen of the colours bring to mind a soap bubble, iridescent with reflections of light.

PRODUCT SPECIFICATION

Light Source:	1 x Max 15W E27 LED Non-Dimmable (Included)
IP Code:	20
Dimming:	Non-dimmable lamp included; the product can be dimmed with dimmable lamps.
