Secto Petite 4600 Pendant Light

The Secto Petite 4600 Pendant Light was created to meet the demand for smaller-sized pendants in the Secto range. Compact yet eye-catching, this pendant is ideal for use as a bedside lamp, above kitchen surfaces, or over dining tables. Its versatility allows it to be hung individually or in groups to create stunning visual displays.

Handmade in Finland from PEFC-certified form-pressed birch, the Petite 4600 continues Secto's commitment to sustainability and craftsmanship. Its slatted shade diffuses light beautifully, casting a warm and inviting glow that enhances any space with its Scandinavian elegance.

The Petite 4600 is available in four finishes, natural birch, walnut veneer, white laminate, and black laminate, and pairs effortlessly with other designs in both the **Petite range** and the wider **Secto** collection.

Please Note: The Secto Petite 4600 Pendant in Birch, White and Walnut is supplied with a white textile cable and ceiling cup as standard, while the Black finish is supplied with a black cable and ceiling cup. Alternative cable and ceiling cup colours may be available on request. Please contact us for further information.
