Foscarini Tartan Pendant Light

The Foscarini Tartan Pendant Light was designed by Ludovica and Roberto Palomba in 2015, who use the pattern of tartan, usually seen on traditional Scottish kilts, as the basis of the design. The pendant is made by blowing glass inside a mould which has the criss-cross pattern engraved in it. The shade is then formed with the beautiful tartan design and has a silky, textured look that evokes the sense of fabric.

Available in a subtle white colour, the Tartan pendant is a wonderful choice for many settings such as bedrooms, lounges, dining rooms and reception areas. The pendant light emits a soft, diffused glow, and the bottom opening allows for a downward-directed light that is perfect for hanging over tables and surfaces. Do not miss out on this eye-catching and remarkable light.
