PRODUCT DESCRIPTION

Designer: Jorge Pensi

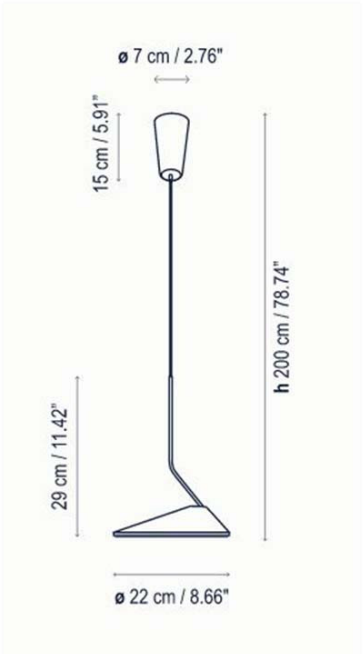

Bover Non La Single Suspension LED Pendant

Non La is the name of the traditional Vietnamese hat worn by women in the countryside to protect themselves from the sun and rain. This was where the inspiration came from for the Non La Suspension Light, designed by Jorge Pensi for Bover. This suspension light brings a modern edge to any room it is displayed in.

This aluminium LED luminaire boasts a conical asymmetrical shade, whilst a polycarbonate diffuser covers the LED light source to produce a soft but functional illumination. The light emission is projected downwards, making it perfect for suspending above a dining table, a kitchen island and even above a bedside table. In public spaces, the Bover Non La LED Suspension adds a touch of class to restaurants, bars and contemporary shopping centres.
