PRODUCT DESCRIPTION

Original BTC Hatton Pendant Light

The Hatton pendant light by Original BTC includes a vast range of sizes and shapes to suit all styles and dimension of interiors. All the Hatton pendants have a bone china shade, which is likened to a gem and when lit is semi translucent, meaning it casts a wonderfully soft glow. When unlit, the Hatton pendant remains a decorative addition with its multi-faceted and intricately designed shade.

The Original BTC Hatton suspension works great as a single pendant but can have a bigger impact if used in groups of three or more over a breakfast bar or dining table. The [Hatton collection](#) of lighting products includes a wide range of pendants, table, floor and wall light. Use the Hatton collection in conjunction with each other for a cohesive lighting style.
