PRODUCT DESCRIPTION

Designer: TAF Studio

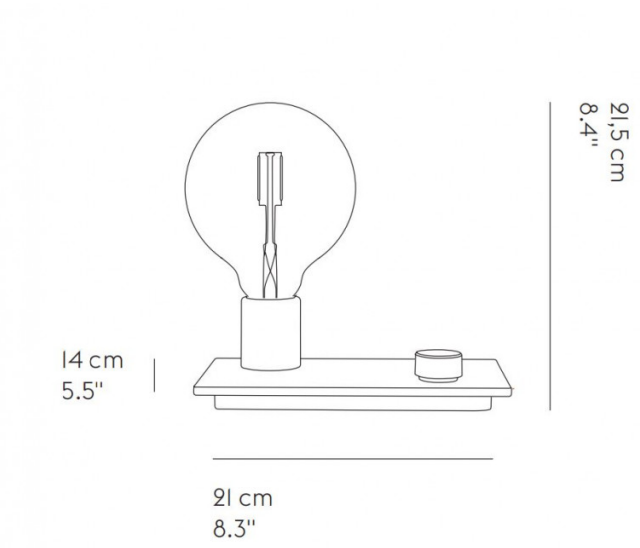

Control Table Lamp by Muuto

Designed by TAF Studio, the Muuto Control Table Lamp is a playful lighting solution in a range of finishes, with a reference to the iconic E27 pendant and industrial machinery. The idea by the designers, TAF Architects, was to put all the lighting components on a tray, creating a minimalistic lamp to its very core, Control is a simple yet pragmatic lamp. This Table Lamp utilises a built-in dimmer on the base of the lamp, allowing you to control the intensity of the illumination, whilst also enticing the user to fully interact with the lamp.

The Muuto Control Table Lamp can easily adapt to a wide range of interiors, with its elegant white finish suiting a variety of personal styles. Thanks to the ability to easily personalise the lighting output, Control is a suitable addition to bedrooms, hallways, living rooms and even dining spaces. It can also be a fun addition to commercial spaces such as reception areas, bars and hotels.
