**LUCE
PLAN**

Luceplan Ascent Table Light. Essential in image, sophisticated in its technology, conceptual in its way of expressing an idea about light, Ascent is an object of striking poetic content, halfway between emotion and reason.

The fundamental novelty lies in the unusual gesture made to turn on the lamp, adjust its intensity or turn it off. The small shade slides along the slender stem with a fluid, continuous motion, from top to bottom and vice versa, dimming the light output by moving the head up and down. An intriguing gesture whose simplicity actually conceals a complex process of design and engineering.

Base for Lamp included.

Dimensions:

Max Height 65cm

Base Width 17cm

Shade Height 10cm

Shade Width 8.5cm

Lamp:

LED 11W 2700K

Dimmable by Moving the Head up and down the Stem

Colour:Black
