### PRODUCT DESCRIPTION

#### Original BTC Prismatic Pendant Light

The Original BTC Prismatic pendant light is a moulded prismatic glass shade pendant light which sparkles and refracts light, providing an even, glare-free illumination whose tone can be changed dependent on the bulb used.

The Prismatic pendant comes with a cable length of 150cm which can be shortened to an appropriate length depending on ceiling height and pendant placement. Available in two sizes (small and large) the metallic aesthetic of the Prismatic pendant makes this light sit comfortably in most settings.

Original BTC's [Prismatic collection](#) includes another style of pendant light and also a wall light.
