Kabuki LED Floor Lamp by Kartell

The flagship member of Ferruccio Laviani's [Kabuki collection](#), the Kabuki Floor Lamp is crafted using Kartell's signature injection-moulding technology, creating a unique woven structure similar to lace through which playful patterns of light are diffused. The contrast between its neo-baroque aesthetic and cutting-edge construction process ensures that it is equally at home in both traditional and contemporary design schemes.

Taking its name from a classical Japanese theatre tradition, the curved, ethereal shape of this lamp is appropriately dramatic, simultaneously resembling both an oversized candlestick and a human head and torso, and combining with its ornate, lace-like texture to draw attention from up close and afar, even in daylight. Its integrated LED light source is fully dimmable and produces a warm, ambient glow which perfectly illuminates both living spaces and commercial environments such as hotels and restaurants.

The Kartell Kabuki Floor Lamp is available in 5 transparent or opaque colour options. The family also includes [an outdoor version](#), [a suspension](#), and [a mini table lamp](#).

Designer: Ferruccio Laviani

IP Code: 20

Dimming: In line dimmer included on cable.

Dimensions:

166 cm height

Ø 50cm

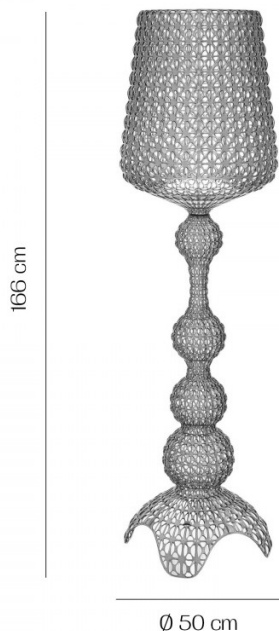

Colour: Transparent Crystal

Transparent Green

Transparent Light Blue

Opaque Glossy White

Opaque Glossy Black
