Argentum Wall Light by Prandina

The Argentum wall light was designed in 2004 by designer Theodor Neumaier. A classic design, this wall light is made from glass, letting the light escape from the sides to create an ambient and far-reaching glow. The front either comes in an opal white or mirror finish, so you can find the right colour to fit into your design scheme.

The Argentum wall lamp comes in three sizes, the W3, W4 and the W7, with the W3 and W7 being rectangular and the W4 being square. This wall light particularly thrives in commercial interiors, being an elegant choice to line big or small rooms, reception areas, bedrooms, dining rooms and many more settings. Buy one for a small space or buy many to light up a big room, either using the same size and colour or mix and match different sizes to create variety within the room.

This light is non-dimmable. The W7 size is available as a dimmable light on request. Please [contact us](#) for further enquiries.

PRODUCT SPECIFICATION

Light Source: W3 - 1 x FSQ G24Q-3 26W max (excluded)
W4 - 2 x FSQ G24Q-3 26W max (excluded)
W7 - 1 x FSD 2G11 36W max (excluded)
