PRODUCT DESCRIPTION

Original BTC Titan Pendant Light

The Original BTC Titan pendant light is an original 1940s design, frequently seen in factories and industrial units of the period. With a vast array of both interior and exterior colour choices including polished aluminium, black, yellow, olive green, putty grey, red and white painted aluminium, the Titan pendant is suitable for a range of interior styles.

The pendant is supplied with armour steel braided cable and is manufactured using methods which date back to the 1880s, retaining the quality of finish Original BTC is renowned for. The Titan pendant is available in 12 colour choices and three sizes: size 1, size 3 and size 5.

Optional extras include an etched glass visor which helps prevent glare and provides a softer, more diffused light. For pricing and availability please [contact us](#).
