PRODUCT DESCRIPTION

Designer: Diego Fortunato

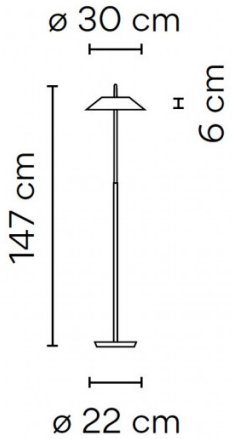

Vibia Mayfair LED Floor Lamp

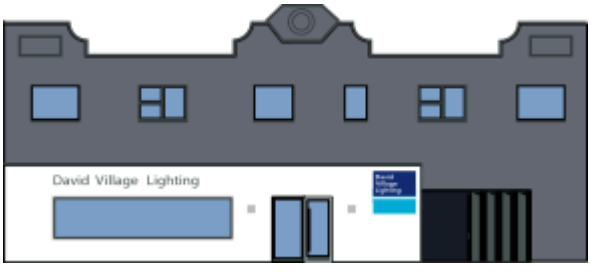

The Mayfair Floor Lamp is part of the Vibia Mayfair collection, a bestselling range designed by Diego Fortunato. The designer was inspired by the historic Bouillotte lamp which was popular in 18th century France and featured candlesticks surrounded by flameproof shade. Fortunato updates the silhouette, producing an iconic floor light that can be used in many spaces.

The Mayfair floor light has a sleek structure, featuring a rounded and clean lampshade and a slim stem that subtly slips into any interior. The floor lamp is available with either a methacrylate shade, available in green or orange, or a steel shade which is available in gold, copper or graphite. The floor lamp produces a wonderful ambient light and also is equipped with an optical sensor so you can dim the LED light source to suit your atmospheric needs.
