Fontana Arte Volée LED Table Lamp

The Fontana Arte Volée LED Table Lamp combines minimalist design with advanced technology. Operated by gesture control, a simple wave of the hand beneath the lamp head activates an electronic sensor, allowing the lamp to switch on or off without physical contact. Designed with a Time Out system, the lamp will automatically turn off after five hours of use to conserve energy. The lamp head, made from die-cast aluminium, is supported by an extruded aluminium body and balanced by steel wires, offering smooth, precise adjustability.

Equipped with a touch sensor on the head, Volée provides adjustable light intensity with four preset levels: 0%, 40%, 60%, and 100%, making it suitable for various tasks. This lamp is designed for versatile use with options for a USB port, clamp, and wall mount, available by request. The Volée LED Table Lamp, with its sleek form and advanced features, is perfect for modern spaces, blending seamlessly with both contemporary and traditional environments.

PRODUCT SPECIFICATION

Light Source: 7.5W, 2700K, 800 Lumens
