PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Trimless Slimline Round Fixed Fire-Rated IP65 Recessed

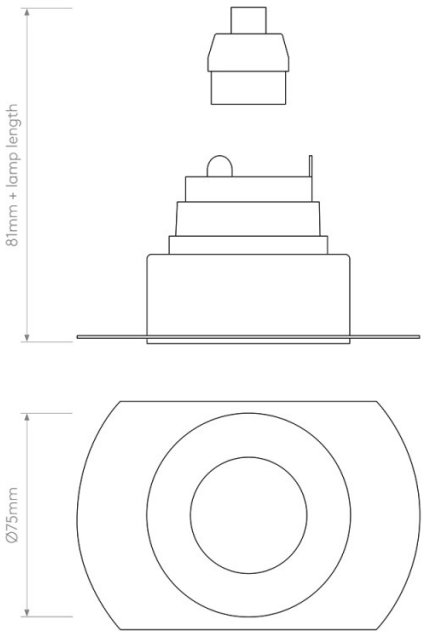

Astro Trimless Slimline Round Fixed Fire-Rated IP65 Recessed Light is a Matt White recessed ceiling light for bathroom ceilings and new ceiling installation before plastering. Once plastered in, the fitting gives a clean, trimless finish with a fixed downward light.

The fixed format works well where the light needs to fall straight down from the ceiling, such as over a shower area, bath, basin, hallway, or kitchen zone. Its IP65 rating makes it suitable for bathroom zones 1, 2, and 3, while the Matt White finish keeps the visible ceiling detail simple once installed.

The Trimless Slimline Round Fixed Fire-Rated IP65 Recessed Light is wired in, dimmable depending on the lamp selected, and requires no separate driver. It is fire-rated to 30, 60, and 90 minutes for solid joists, with a 30-minute rating for metal web and I-joist installations. This product must be installed before the final plaster skim. Most suited to bathrooms, shower areas, kitchens, hallways, and new ceiling schemes where fixed recessed lighting is required.
