Astro Kos II Round Exterior Ceiling Light

The Astro Kos II Round Exterior Ceiling Light is a compact surface-mounted fitting with a clean cylindrical form. Its understated shape allows it to sit neatly against the ceiling, making it a practical option where a more discreet exterior or bathroom ceiling light is needed.

Kos II is available in Matt White, Textured Grey, Textured Black, and Polished Chrome, giving a choice of simple neutral finishes and a brighter metal option. Rated IP65, it can be used outdoors and in bathroom zones 1, 2, and 3, so it works well for porches, bathrooms, and covered exterior areas.

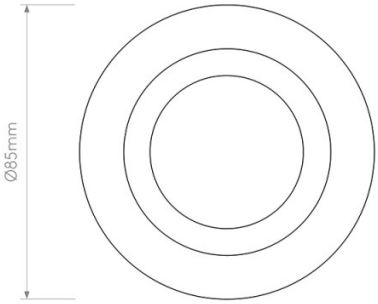

Kos II uses one GU10 lamp, sold separately, and can be dimmed when used with a compatible dimmable bulb. It is made for ceiling mounting out of arm's reach and can be fitted to flammable surfaces. Use it in bathrooms, porches, and covered outdoor areas where a simple surface-mounted ceiling light is needed.

Best suited to bathrooms, porches, covered exterior areas, entrance canopies, utility spaces, and commercial washrooms.
