Astro Montparnasse Exterior Wall Light

Astro Montparnasse Exterior Wall Light is a classic wall light with a zinc frame and a clear glass diffuser. The visible lamp gives the fitting a more decorative, traditional appearance, making it well-suited to exterior walls where the light needs to add character as well as function.

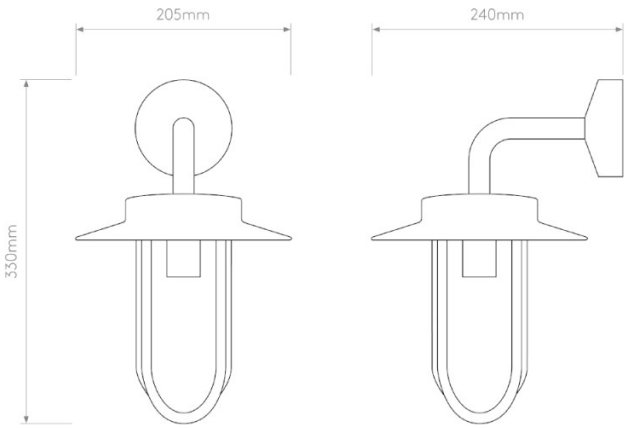

Montparnasse is available in Polished Nickel and Bronze. The Polished Nickel finish gives the fitting a brighter look, while Bronze has a warmer, more aged feel. Rated IP44, it can be used outdoors and in bathroom zones 2 and 3.

Montparnasse uses one E27/ES lamp, sold separately, and can be dimmed when used with a compatible dimmable bulb. It is wired in, Class I earthed, and suitable for mounting on flammable surfaces.

Best suited to front doors, porches, patios, garden walls, exterior entrances, and bathroom zone 2 or 3 wall lighting.
