PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Park Lane Grande Wall Light

Astro Park Lane Grande Wall Light is a larger interior wall light with a mild steel body. It is designed to be used with a separate compatible shade, so the finished look depends on the shade chosen.

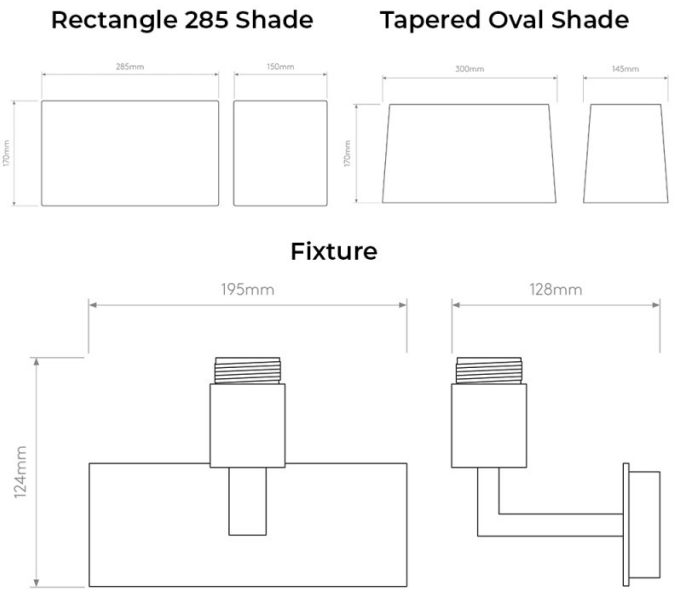

The Bronze fitting is supplied without a shade. Compatible Rectangle 285 and Tapered Oval shades are sold separately in White, Oyster, Putty, and Black fabric finishes.

Park Lane Grande uses one E27/ES lamp, sold separately, and can be dimmed when used with a compatible dimmable bulb. It is wired in, Class I earthed, and suitable for mounting on flammable surfaces.

Best suited to bedrooms, living rooms, dining rooms, hallways, hotel rooms, and softer interior wall lighting.
