Astro Homefield 160 Exterior Wall Light

The Astro Homefield 160 Wall Light is a classic outdoor wall light with a compact framed form and clear glass panels that keep the lamp visible within the fitting. Its simple proportions make it a versatile choice for exterior walls, entrances, and sheltered outdoor areas, while the finish options allow it to sit comfortably within both traditional and more contemporary settings.

Homefield 160 is available in Bronze and Textured Black. The Bronze finish gives the fitting a warmer look, while Textured Black keeps it simpler and more neutral against exterior walls. With an IP44 rating, it can be used outdoors and in bathroom zones 2 and 3.

Homefield 160 uses one E27 lamp, sold separately, and is dimmable when paired with a compatible dimmable bulb. Made from 304 stainless steel with clear glass panels, it is suitable for mounting on flammable surfaces. Please note that coastal suitability differs by finish, with Textured Black suitable for onerous environments and Bronze not suitable for installation within five miles of the coast.

Best suited to exterior walls, porches, entrances, sheltered patios, garden rooms, and bathroom zone 2 or 3 wall lighting.

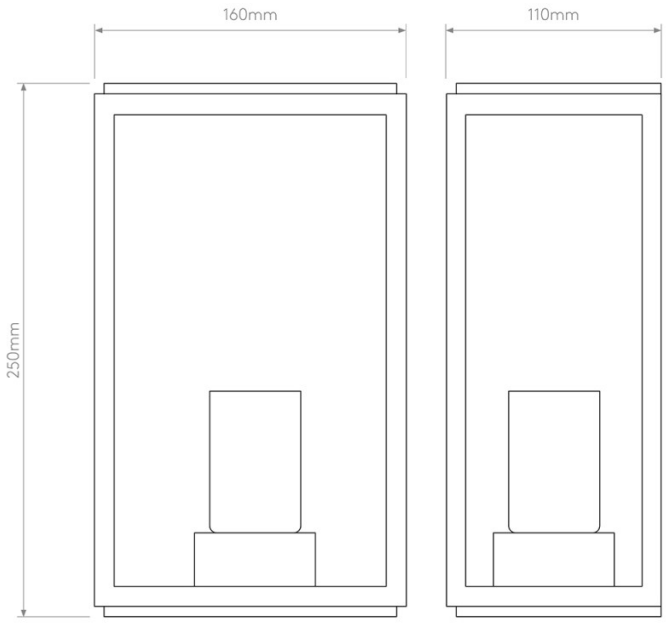

PRODUCT SPECIFICATION

Light Source: 1 x Max 60W E27/ES Dimmable (Excluded)

IP Code: 44

Dimming: Dimmable via mains phase dimming.

Dimensions: Height: 25cm
Width: 16cm
