PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Homefield 160 Exterior Wall Light

The Astro Homefield 160 Wall Light is a classic outdoor wall light with a compact framed form and clear glass panels that keep the lamp visible within the fitting. Its simple proportions make it a versatile choice for exterior walls, entrances and sheltered outdoor areas, while the finish options allow it to sit comfortably within both more traditional and more contemporary settings.

Available in Bronze and Textured Black, Homefield 160 offers two distinct looks. Bronze brings a warmer, more characterful finish, while Textured Black feels cleaner and more understated. Rated IP44, the fitting is suitable for outdoor use as well as bathroom zones 2 and 3, making it useful across a wide range of residential and hospitality applications.
