Astro Ascoli Triple Bar

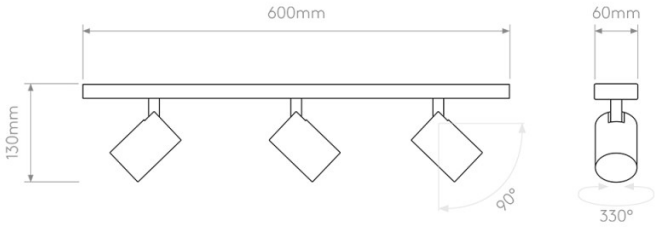

The Astro Ascoli Triple Bar is a refined and practical ceiling light, designed with three spotlights mounted along a sleek linear bar. With its clean proportions, it is well suited to kitchens, hallways and narrow interiors where evenly distributed light is needed. Available in matt black, bronze or textured white, it integrates seamlessly into both modern and classic décor.

Each spotlight can tilt 90° and rotate 330°, offering precise control of light direction for both ambient and task use. Dimmable when paired with GU10 lamps, the Ascoli Triple Bar allows you to create adaptable light levels throughout the day, from bright functional light to softer evening illumination. Its compatibility with bathroom zone 3 adds further versatility for residential and hospitality interiors.

Crafted from robust aluminium, the Triple Bar is designed for long-lasting performance and durability. Its simple yet elegant construction makes it a reliable choice for a range of applications, providing an understated but effective lighting solution.
