PRODUCT DESCRIPTION

Designer: Alessandro Mendini

Kartell Roy Side Table

The Kartell Roy Side Table was designed by Alessandro Mendini, an Italian architect and designer, and is based on traditional Chinese stools. The barrel-shaped structure of the Kartell Roy Side Table enhances the weight support of the stool. It is available in five colours and is also decorated with a graphic pattern, a homage to Roy Lichtenstein, an American pop artist.

Roy is a multi-functional and extremely versatile accessory; it can function as a side table, a stool, or a stand, and you can utilise it anywhere around your home. The small size means you can fit the Roy stool anywhere; it can be moved around the room for optimal functionality and easily stored. Due to the materials and the durability of the Kartell Roy Side Table, it can also be used in exterior settings, a perfect addition to gardens, alfresco dining areas and even by the pool.

PRODUCT SPECIFICATION

Dimensions: Width: 45cm
Height: 43cm
