

Axolight**Axolight Hoops LED Suspension****LA4259**SOURCE: <https://www.davidvillagelighting.co.uk/product/Axolight-Hoops-LED-Suspension/16968>**PRODUCT DESCRIPTION****Designer:** Giovanni Barbato**Hoops Suspension by Axolight**

The Hoops suspension lights create a playful and evocative effect in any interior. Designed by Giovanni Barbato, the Hoops lights add a personality into any room. Barbato's understanding of material and processing techniques constitute him as a truly valuable designer. The Hoops suspension lights are made of a metal rod, which is twisted around the central LED source. Available in 3 colours, white, gold or black and 4 sizes: Hoops 2, Hoops 3, Hoops 4 and Hoops 6; with each figure referring to the number of hoops the light has. With an integrated LED source, the suspension is high efficiency and emits both a direct and indirect light.

The perfect lighting solution for any interior space, the Hoops suspension lights can be used for both commercial and residential projects. The choice of sizes, allows you to pick the ideal light whether for large and high ceiling interiors or smaller residential spaces. You may also adjust the light brightness, as the suspension lights are dimmable via trailing edge dimming. The collection also includes a [ceiling light](#), available in two sizes (Hoops 2 and Hoops 3) and in the same three colour options.

PRODUCT SPECIFICATION

Light Source: 34W, 3000K, 2660 lumens

IP Code: 20

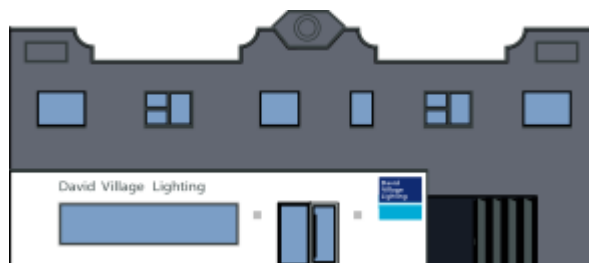

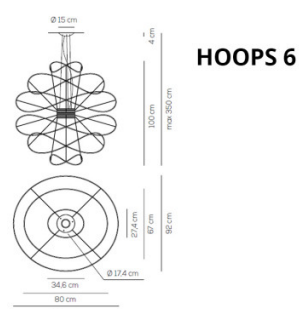

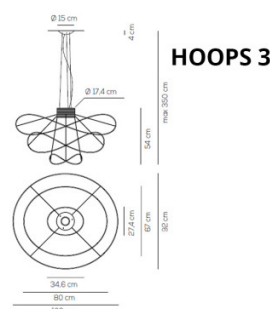

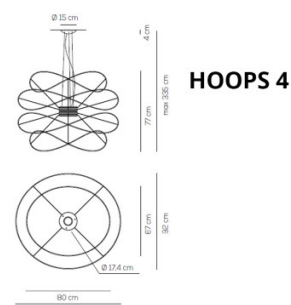

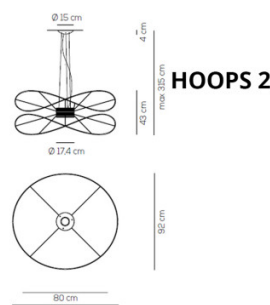

Dimming: Dimmable using trailing edge dimming.
