Axolight AX20 Floor Lamp

LA4177

PRODUCT DESCRIPTION

Designer: Manuel Vivian

AX20 Floor Lamp by Axolight

Manuel Vivian, a prominent Italian designer, designed the AX20 Collection for Axolight. The AX20 floor lamp is a testament to Vivian's success. The floor lamp is fully adjustable as you can pivot and rotate the arm and head of the lamp. The lamp can be rotated up to 180° on the vertical axis, while the arm and head can independently rotate up to 100°. A dimmer, located at the lamp's base, allows you to tailor the brightness of the light depending on use. The perfect task light, you can place the AX20 by your desk, in the bedroom, living room or the office. The chrome finish details and functional properties of the lamp will compliment any interior.

The AX20 Collection also includes a suspension light and two wall lights, a short (also ceiling light) and long version.
