## PRODUCT DESCRIPTION

**Designer:** Ichiro Iwasaki

### Vibia Pin 1660 LED Floor Lamp

Designed by Ichiro Iwasaki, the Vibia Pin Floor Lamp features an adjustable light source and is characterized by a delicate and subtle silhouette. It is a modern take on a classic floor lamp and thanks to the polycarbonate diffuser that sits in the lamp head, the Vibia Pin emits a soft glare-free glow that can be used as an indirect or direct glow. Pin is crafted from high-quality metal and stands upon a solid circular base which ensures the floor lamp is sturdy and also continues with the theme of geometric shapes.

The Pin Floor Lamp is ideal as a reading lamp and can be easily integrated into both traditional and contemporary interiors, thanks to the range of matte finish options. Available in Black, Cream and Green.
