PRODUCT DESCRIPTION

Designer: Mika Tolvanen

Muuto Restore Round Basket

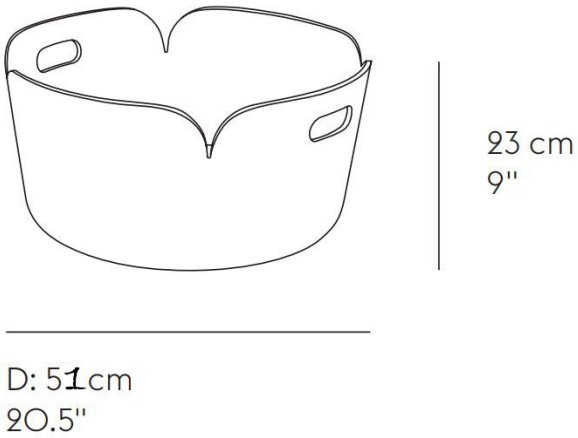

Part of the Restore family, the Round basket is comfortable and easy to match with every environment. The entire Restore collection is made of polymer felt, made of recycled plastic bottles. The designer, Mika Tolvanen, has become an established designer in the industry and has collaborated with well known designers and manufacturers.

The soft felt material allows you to use the basket everywhere around the house, to store toys, magazines, clothes and anything in your household. A multipurpose basket with the handles adding to its functionality.

Recycled bottles are granulated, then heated and blown as little fibres and finally dyed into different colours. Later on, the material is pressed into heat-influenced forms to give and maintain its final shape. The Round basket is available in multiple colour choices, Grey melange, Dusty green, Black melange and Midnight blue.

PRODUCT SPECIFICATION

Dimensions: Ø51cm
Height: 23cm
