PRODUCT DESCRIPTION

Designer: Mika Tolvanen

Muuto Restore Basket

The Muuto Restore basket is a sustainable and fashionable storage unit that can be used everywhere around the house. Made of recycled plastic bottle fibres, the felt-like material makes it soft and can hold many things from toys to magazines. The designer Mika Tolvanen wanted to create storage that was warm and appealing, using more rounded shapes to create the basket to be innovative and contemporary.

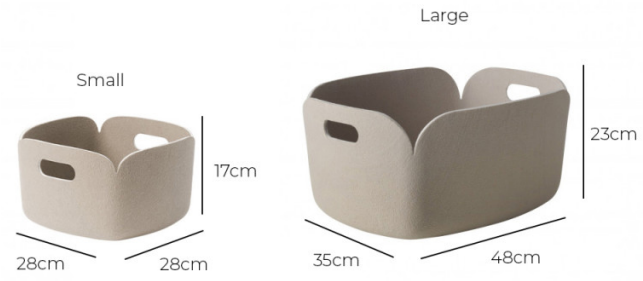

The Restore basket is available in 2 sizes and 12 colours, mainly pastel shades, allowing you to pick and choose depending on your taste and home decor. An environmentally-friendly and modern choice for your storage solutions, check out more choices and shapes in the Muuto Restore collection.
