Artemide Meteorite Table Stem Lamp

Artemide Meteorite Table Stem Lamp is defined by a double-layer artistic glass diffuser, handmade using the mould-blowing craft technique, followed by grinding. Designed by Pio and Tito Toso, the finish recalls the age-old Murano art of battuto glass, giving the surface its textured, beaten look.

Set on a steel base and rod with a technopolymer support, this version shifts the Meteorite form into a more upright table format. The raised profile changes the proportion of the lamp and gives the diffuser a clearer presence on consoles, desks, and other surfaces, while the blown frosted glass keeps the light soft and diffused.

Artemide Meteorite Table Stem Lamp is available in white, in Meteorite 15 and Meteorite 35 sizes. It brings the handmade character of the collection into a taller table form that feels slightly more architectural than the lower version. Best suited for consoles, sideboards, desks, and bedside settings where a table lamp can provide a soft, diffused glow with a more sculptural form.

PRODUCT SPECIFICATION

Light Source: **Meteorite 15:** 1 x Max 6W E14 LED (Excluded)
Meteorite 35: 1 x Max 21W E27 LED (Excluded)

IP Code: 20

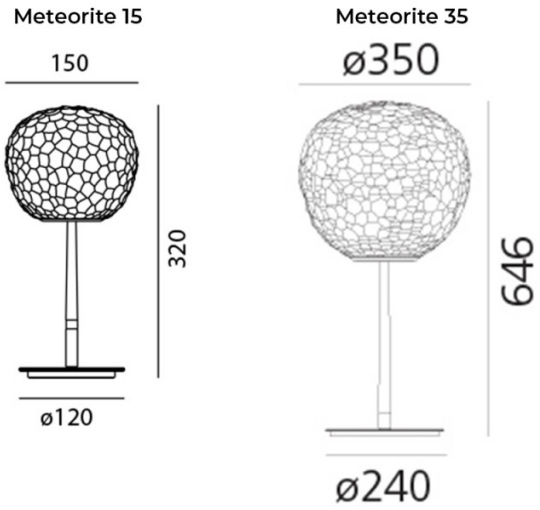

Dimming: In-line dimmer included on cable.

Dimensions:

Meteorite 15:
Height: 32cm
Shade: Ø15cm
Base: Ø12cm

Meteorite 35:
Height: 64.6cm
Shade: Ø35cm
Base: Ø24cm

Cable Length: 120cm
